I understand that during my work on this unit, I will be accessing the Internet on a regular basis. I will be participating in online discussions, as well as emailing a number of assignments to my teacher.

During my time on the Internet and computer, whether discussing or completing assignments, I agree to the following rules and guidelines:

1. Be polite.

If at anytime I do not follow these rules and guidelines, my teacher has the option to no longer allow me Internet and/or computer access. Any violation of the rules and guidelines will result in a conference with my teacher and in a consequence that she, and possibly my principal or parents, feel is appropriate.

By signing below, I am stating that I understand the above rules and guidelines, and the results of me violating them. I have had any questions answered by my teacher.
